

COMPRO

Real-Time Products, Simulation Solutions & Comprehensive Services

INFINITE POSSIBILITIES, Performance, Versatility, Competitive Advantage

In the world of evolving technologies, success is achieved by a willingness to challenge established boundaries.

Compro is constantly developing innovative solutions for emerging real-time markets, including rapid transit, process control, and interactive entertainment systems.

Compro's mission is developing products, solutions, and services that provide the speed, power, and reliability required by the most sophisticated and time-sensitive applications in the industry. We create those systems with the potential for compatibility and expansion that will meet tomorrow's most ambitious expectations.

Compro is committed to providing the most comprehensive services necessary to meet every customer's needs.

Compro is known worldwide for its customer-focused leadership in technology, support solutions and innovative "industry-firsts."

To date, Compro has achieved an installed base of over 10,000 systems, representing over 3,000 customers worldwide. These customers are served via our world-wide offices with our Corporate office strategically located in central Florida.

Compro is an international supplier to the flight simulator, data acquisition, and transportation and energy markets and to original equipment manufacturers and integrators (such as Boeing, Lockheed, Thales, EADS, etc.) who serve those markets.

Compro develops legacy interfaces and integrates COTS hardware and software that are demanded by today's most challenging real-time environments. Compro's products are involved in open systems, integration for data acquisition, legacy migration, and flight simulation solutions.

Tomorrow's Success Belongs to Those with the Vision to Redefine the Possible
